## ULMA Automatic Braking System (ABS BOX)

### 1. CURRENT LIFECYCLE STATUS

**The ULMA ABS BOX is now in the obsolete phase of the ABB lifecycle plan.**

### SUPPORT AVAILABILITY FOR ULMA ABS BOX

In the obsolete phase ABB can not guarantee availability of product support within reasonable cost or technically:

- **Sale of ULMA ABS BOX parts is limited to available inventory.**
- **ULMA ABS BOX services are limited to component availability.**

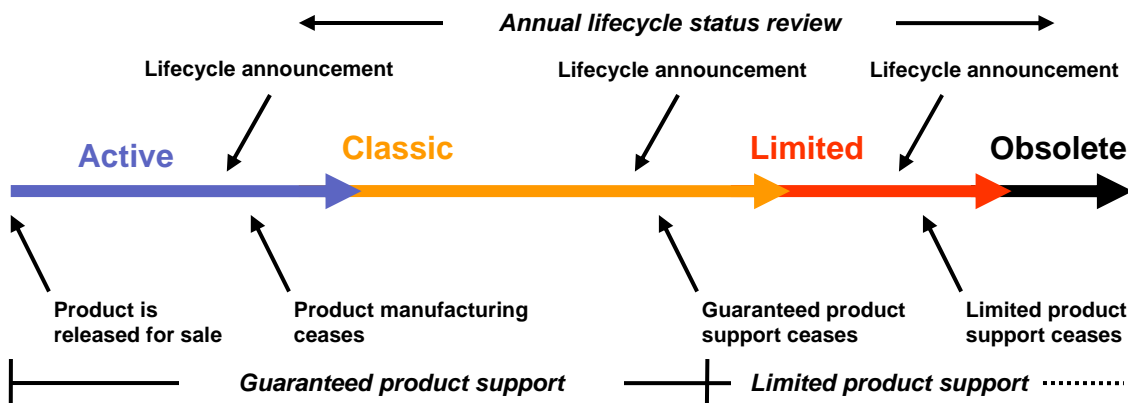

### 2. LIFECYCLE PLAN

ABB recommend that ULMA ABS BOX end-users initiate a migration plan to renew their ABB ULMA ABS BOX. In the obsolete phase the product support is contingent to component availability and spare part deliveries are limited to the existing stock.
