

Declaration

We **ABB AB, Substation Automation Products, SE-721 59 Västerås, Sweden**, declare under our sole responsibility that the family of apparatus:

Busbar Protection	Type: REB670, Ver. 1.2 acc. to Buyer's Guide 1MRK 505212-BEN, -BUS
--------------------------	--

to which this declaration relates is in conformity with the following directives

Directive	EMC Directive 2004/108/EC Low Voltage Directive 2006/95/EC *
------------------	---

*) Terminals intended to be energized with ring lugs connections do **not** conform with the Low Voltage Directive and are thus **not** CE-marked.

Our internal quality control system ensures compliance between the manufactured products and the technical documentation.

Year of affixed CE-marking	2010
-----------------------------------	------

Application of the objects The family is intended for use in the industrial environment and to protect high voltage or high power apparatus, and thus normally used in a harsh electromagnetic environment near high voltage apparatus.
