

# ABB Test Technology ~ Engines

## Fuel Rail Leak Testing Product:

- 4 Cylinder, 16 Valve Engine
- Cycle Time 20 Seconds

## Capabilities:

- Manual Engagement
- Automatic Test Cycle
- Leak Test Signature
- Air Back Pressure Signature
- Continuity Tests
- Resistance Tests
- Injector Exercising

## Defect Detection:

- Leaking Rail
- Injector Stuck Open
- Injector Stuck Closed
- Damaged Components
- Regulator Setting
