

Case Study; Heavy Steel Bulks for Storage Systems

“This customized solution saves the time of 2.5 operators, which is most beneficial to us. Thanks to the system’s speedy cycle time – from start to finish about 35 to 40 seconds – we can produce almost 2,000 articles each day.”
.” Kent Erlandsson, manager Brännehytte Handels AB

Client

- Brännehytte Handels AB, Sweden

Application

- Arc welding
- Material handling

System installed by ARHO, Sweden

Key Drivers & Benefits

- ✓ Taylor- made solutions saves the time of 2.5 operators
- ✓ The system’s speedy cycle time of 35 to 40 seconds makes it possible to produce 2,000 articles each day
- ✓ User-friendly interface with many icons and pictures instead of simply text
